

Child Protection Policy

Policy type	Year	Approved by
MTSCT Operational	2022	Mountains to Sea Conservation Trust – Co-Director Poutokomanawa - National Child Protection Officer - Samara Nicholas

Purpose

The Mountains to Sea Conservation Trust (MTSCT) www.mountianstosea.org.nz and its programmes 'Experiencing Marine Reserves' www.emr.org.nz and the Whitebait Connection www.whitebaitconnection.co.nz are committed to the safety and wellbeing of children. This policy applies to all contractors/coordinators, defined as any MTSCT member, or any person associated with that member, volunteers and any other person(s) engaged in work for or delivery of the MTSCT programmes, referred to here on as 'our team'. When working with schools, our Child protection Policy is implemented in conjunction with the schools policy.

We do not define ourselves as a children's worker. A children's worker works in, or provides a regulated service and their work involves regular or overnight contact with a child or children. However, we do regularly engage with children during our school delivery and public community engagement events and have developed this policy as a result of the Vulnerable Children Act 2014.

This policy recognises 'our teams' responsibility to promote safe practices and well-being as well as to protect children and young people from harm, abuse and exploitation while participating in or associated with MTSCT operations and activities. The purpose of this policy is to:

- Protect all children and young people, whatever their culture, disability, gender, language, racial origin, socioeconomic status, religious belief and/or sexual identity, from all forms of harm.
- Respect and promote the rights and feelings of children and young people.
- Raise awareness of the importance of our role in maintaining the safety, welfare, and interests of any child and young person that staff or volunteers come into contact with, through their work.
- Promote and implement appropriate procedures to safeguard the well-being of children and young people and protect them from abuse.
- Provide guidelines, training, support and supervision to staff and volunteers to adopt best practice to safeguard and protect children and young people from abuse and to reduce risk to themselves.

- Identify procedures for staff and volunteers to follow, should a suspected case arise or an accusation be made about inappropriate behaviour by any person, by providing training, support, and guidance to staff and volunteers.
- Work in partnership with children and young people and parents/caregivers along with other organisations and agencies to promote the welfare, health and development of children and young people.
- Regularly monitor and evaluate the implementation of this policy and procedures.

INTRODUCTION

All staff and volunteers who come into contact with children and young people and families in their work, including those who do not have a specific role in relation to safeguarding children and young people, have a duty to safeguard and promote the welfare of children and young people. All staff and volunteers must comply with this policy and the attached Appendices

Defining child abuse

Child Abuse

The Children, Young Persons and their Families Act, 1989, defines child abuse as "...the harming (whether physically, emotionally, sexually), ill-treatment, abuse, neglect, or deprivation of any child or young person". The definitions set out below provide some indicators of abuse and these should not be seen as an exhaustive list or as a checklist.

Physical Abuse

Physical abuse is a non-accidental act on a child that results in physical harm. This includes, but is not limited to, beating, hitting, shaking, burning, drowning, suffocating, biting, poisoning or otherwise causing physical harm to a child. Physical abuse also involves the fabrication or inducing of illness.

Emotional Abuse

Emotional abuse is the persistent emotional ill treatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. This can include a pattern of rejecting, degrading, ignoring, isolating, corrupting, exploiting or terrorising a child. It may also include imposition of age or developmentally inappropriate expectations. It also includes seeing or hearing the ill treatment of others.

Sexual Abuse

Sexual Abuse involves forcing or enticing a child or young person to take part in sexual activities (penetrative and non-penetrative, for example, kissing, touching, masturbation, molesting, sexual assault) as well as non-contact acts such as involving children in looking at or production of images of sexual activities and sexual behaviours.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, causing long term serious harm to the child's health or development. It may also include neglect of a child's basic or emotional needs. Neglect is a lack: of action, emotion or basic needs.

- POLICY Recruitment and Training

All new MTSC staff (coordinators not volunteers), whether permanent or seasonal (coordinators and Regional Coordinators in the role of delivering our programmes to schools and communities), who are likely to interact with children and young people are required to undergo police vetting and safety checks prior to confirmation of their appointment. Refer to appendix 1. Existing MTSC are to be re-checked every 3 years (including police vet). Samara Nicholas is the national child protection officer.

We require all our Regional Providers organisations to identify who their Regional Child Protection Lead (CPL) is. A Child Protection Lead (CPL) needs to be able to observe programme delivery on the ground. All CPL's need some baseline training to upskill and check their own systems are sufficient (ideally you will have a CPL that is involved in both EMR and WBC delivery or you might have to have separate CPL representing a programme each). All WBC/EMR staff are required to sign (via your annual Health and safety mandatory quiz or signing the document direct) a 'Code of Conduct' and be rechecked including police vet every three years.

We require all identified CPL's register for a FREE online 'Child Protection in Play, Active Recreation and Sport'

<https://sporttutor.nz/pages/description.jsf?menuId=1104#/users/@self/catalogues/1834747/courses/1890609/description?menuId=1104&locale=en-GB#/?dashboardId=1815579> as a minimum requirement or there is a slightly higher level webinar with Safeguarding Children direct called Recognising & Responding to Child Abuse and Neglect for a fee. We strongly recommend the 1.5 hours long 'Child Protection in Play, Active Recreation and Sport' online course for all EMR and WBC Coordinators.

CPL's meet once every six months and keep any concerns in a central location (MTSC Restricted Access Google Drive).

We strongly recommend the 1.5 hours long 'Child Protection in Play, Active Recreation and Sport' online course for all EMR and WBC Coordinators. It's free and can be done at any time. All Regional Coordinators will receive child or young person protection training appropriate for their role and operational level.

Roles and Responsibilities of Staff and Volunteers

Our team is aware of their 'duty of care' which precludes any inappropriate contact with children. When working with schools our team also agrees to adhere to the schools 'Child Protection Policy'. The overall supervision of students getting changed into their wetsuits and or other equipment is the responsibility of the school. The school is responsible for making sure any of our activities (snorkelling or stream investigation for example) are not in breach with the schools Child Protection Policy.

Volunteers are not required to be vetted unless, MTSCCT makes a risk assessment on the event/programme and MTSCCT has identified it would be best practise to do so (Poor Knight Annual Trip).

It is the responsibility of all staff and volunteers to be vigilant, have knowledge and awareness of the indicators of neglect, potential or actual abuse, and to report any concerns, suspicions or allegations of suspected abuse immediately and ensure that the concern is taken seriously and reported.

Allegations and Complaints

Any allegation or concern that a child or young person may have been harmed or abused must be taken seriously and dealt with sensitively and promptly.

Any allegation or concern that a staff member or volunteer may have behaved in a manner that has harmed or abused a child or young person must be taken seriously and dealt with sensitively and promptly.

In situations where a staff member or volunteer is alleged to have caused harm or abuse to a child or young person, and where an investigation is initiated, or likely to be initiated by the NZ Police and/or Oranga Tamariki, the staff member or volunteer will be temporarily suspended until an outcome has been achieved. Suspension is not punitive but a safety measure for both the staff member or volunteer and the child or young person.

In the case of an allegation where the NZ Police and/or Oranga Tamariki are not involved, the staff member or volunteer may be required to undertake alternative duties to avoid direct contact with children and young people until an outcome has been achieved.

PROCEDURES Recruitment and Training

When working with school groups, if our team have concerns of abuse, they are to inform the teacher or Designated Person(s) for Child Protection in charge on behalf of the school/group, so the issue can be dealt with in conjunction with the schools 'Child Protection Policy'. We will regularly discuss this policy at our annual training wananga and will review our policy every three years.

The process of filling staff and positions requiring contact or interaction with children and young people should include:

- a. having written role descriptions
- b. following up on referees
- c. interviewing preferred candidate/s
- d. undertaking safety checks of the preferred candidate/s

In addition to the pre-selection safety checks, the child or young person protection process must include subsequent monitoring and training of staff and volunteers in order to:

- a. ensure that staff and volunteers are working safely and effectively with children and young people
- b. identify and respond to any unacceptable behaviour or practices
- c. enable staff and volunteers to analyse their own behaviour and practices against MTSCT Safeguarding
- d. respond in a positive way to concerns raised about any staff or volunteer behaviour, e.g., via training to improve practices.

RESPOND - RECORD - CONSULT - REPORT/MONITOR approach

Should be implemented at all times.

Respond

If there is an immediate risk of harm to the child or young person, emergency medical treatment is needed, or a crime against a child or young person has been committed, staff or volunteers should call 111 and inform MTSCT Co-Directors. If an allegation is against a MTSCT Co-Director, inform the MTSCT chairperson.

If a child or young person makes a disclosure, react calmly and show that you are listening and concerned.

Take what the child or young person has said seriously and allow the child or young person to continue at their own pace, without interrupting.

Do not give assurances of confidentiality but explain that the information will need to be passed on to those that need to know. Tell the child or young person what will happen next and offer reassurance that the issue will be taken seriously.

Keep questions to an absolute minimum, only to establish and clarify what the child or young person is saying and not to investigate; this is the role of the NZ Police and/or Oranga Tamariki.

MTSCT supports 'whistleblowing' for the protection of a child or young person. MTSCT will support staff or volunteers who report any behaviour or practice that may contravene this policy and/or pose a possible risk to children or young people.

Record

When allegations or disclosures occur, make a comprehensive record of what was said and done. The record should include the following:

- a. a verbatim record of the child or young person's account of what occurred, in their own words, which should not include the assumptions or opinions of others. This record could be used later in a criminal trial and needs to be as accurate as possible.
- b. a description of any visible injury.
- c. the date, time, and place of the alleged incident, of the conversation, and any other potentially useful information.

Transfer all notes to Report Form keeping all original notes attached to the form, as they may be needed as evidence.

Following an allegation or disclosure, MTSCT National Child Protection Officer must be informed as soon as practicable, detailing what has happened and what (if any) actions have been taken in response to the incident.

Never work alone, nor investigate, nor question an alleged offender or contact the child or young person's family without prior approval from Oranga Tamariki and/or the NZ Police, and only in consultation with MTSCT's National Child Protection Officer.

Report/Monitor

Once an Incident Report Form has been submitted to the National Child Protection Officer, they will assess whether a Report of Concern should be made to Oranga Tamariki and/or the NZ Police. The National Child Protection Officer will seek guidance from Oranga Tamariki and/or the NZ Police as to what further actions MTSCT and/or the club are permitted to take, if any.

Where permitted, the National Child Protection Officer will advise all parties of the process and progress, which may include one or more of the following:

- a. informing parents, staff, volunteers and any organisation responsible for the child or young person.
- b. talking to the child or young person.
- c. contacting the alleged offender.

MTSCT will not enter into any settlement agreement where a child or young person's safety and/or protection is a concern, i.e., where a settlement agreement contradicts a culture of safeguarding and child protection.

In the instance a child, young person and/or the alleged party leaves MTSCT, while a complaint is in progress or where a complaint arises after their departure, the National Child Protection Officer in consultation with the trustees and relevant authorities shall determine what actions will be taken to uphold the intent of this policy.
