

Mountains to Sea Conservation Trust Strategic Plan 2022-2025

Our Vision is to see our biodiversity –the ocean, coastal areas, streams, lakes and wetlands-as respected taonga (treasures) and as part of a connected system. We believe that restoration of any part of the system supports the entire system, and we view education as central to environmental restoration

Conservation

Goal	Initiative	Year 1				Year 2				Year 3			
		Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
One	1												
	2												
Two	1												
	2												
	3												
Three	1												
	2												

Key: Blue develop, yellow socialise, green implement, red critical step
